European Nationals: Applications for pre-settled status or settled status

Child & Child's Immigration team will be able to support you with your application for pre-settled or settled status in the UK.

Pre-Settled Status

If you have spent less than five years continuous residence in the UK, you can initially apply for pre-settled status in the UK. Once you have completed 5 years continuous residence, you can apply for settled status.

Settled Status

If you have spent more than five years continuous residence in the UK, you can apply for settled status.

British Citizenship

You must spend at least 12 months on settled status/permanent residence before

applying for British citizenship. If you are married to a British national, you do not have to wait for 12 months and can apply immediately.

Child and Child's Support

Our experienced immigration lawyers will be able to hand hold you throughout the application process to ensure the immigration formalities are completed correctly.
